# ABOUT US

## ABOUT US

The Midwest Gospel Preaching Summit (MGPS) is a premier gathering designed to strengthen, equip, and encourage pastors, preachers, and ministry leaders. Entering its 5th year, MGPS has become a trusted space for theological depth, practical preaching tools, leadership development, and meaningful connection.

Hosted by Mt. Zion Baptist Church in collaboration with SL Brown Foundation on the campus of University of Wisconsin-Madison and faith partners, MGPS exists to cultivate healthy pastors who lead healthy churches that are better positioned to serve families, address community needs, and proclaim the Gospel with clarity and power.

The 2026 Summit marks a milestone year, celebrating five years of impact while casting vision for the future of preaching, leadership, and community transformation.
